Natural coconut candy

Product Information	
Net Weight	35g
Volume per carton	0.0149265 CBM
Quantity per 20GP Container	1900 cartons
Shelf life	24 months

Ingredients:

Coconut milk powder, sugar, trehalose, maltodextrin, magnesium stearate.

Product Features:

- Hard texture and smooth surface
- Crispy taste with fragrance and sweetness of coconut
- Use high-quality coconut milk powder, which is made from fresh coconut meat and spray-dried to retain the natural aroma of coconut to the greatest extent

Nutrition Facts:

Sea salt lemon lozenge

Product Information	
Net Weight	35g
Volume per carton	0.0149265 CBM
Quantity per 20GP Container	1900 cartons
Shelf life	24 months

Ingredients:

Erythritol, lemon powder, citric acid, malic acid, salt, sucralose, food flavor.

Product Features:

Sea salt and lemon golden ratio: the collision of salty sea salt and sour lemon breaks through the single sweetness of traditional lozenges, bringing a refreshing and non-greasy taste impact, and the interweaving of sour, sweet and salty forms a memorable point.

Hawthorn lozenge

Product Information	
Net Weight	35g
Volume per carton	0.0149265 CBM
Quantity per 20GP Container	1900 cartons
Shelf life	24 months

Ingredients:

Erythritol, hawthorn powder, citric acid, malic acid, sucralose, food flavor.

Product Features:

- Select high-quality hawthorn fruit powder, retain the original fruit aroma and dietary fiber, and use citric acid and malic acid to adjust the acidity.
- Weaken the astringency of traditional hawthorn products through scientific proportions, making the taste smoother.
- 0 sugar 0 fat: replace sucrose with erythritol and sucralose.
